**This section provides detailed financial information for each of your Blueprint plans.**

Effective Annual Percentage Rate (APR): 12.02%

Please see Information About Your Account section for balance computation method, grace period, and other important information.

The Corresponding APR is the rate of interest you pay when you carry a balance on any transaction category.

The Effective APR represents your total finance charges - including transaction fees such as cash advance and balance transfer fees - expressed as a percentage.

This is a sample statement and is to be used for illustrative purposes only.
